It's easier for Michiganders to 'Mask Up, Mask Right' with free KN95 face coverings to protect them from COVID-19

FOR IMMEDIATE RELEASE

January 4, 2021

Contact: Bob Wheaton, 517-241-2112

LANSING, MICH. The Michigan Department of Health and Human Services (MDHHS) is distributing 3.5 million free masks as part of the state's Mask Up, Mask Right campaign.

Free KN95 masks provided by MDHHS will be distributed by community organizations, including local MDHSS offices, health departments and Area Agency on Aging offices.

“We are urging Michiganders to Mask Up and Mask Right to protect themselves, their loved ones and their communities from COVID-19,” said MDHHS Director Robert Gordon. “Wearing the right kind of mask is important. Today’s distribution of effective masks will help more Michiganders limit the spread of COVID to save lives and get back to normal sooner.”

Masking right includes wearing one of three options of masks that provide stronger protection: three-layered washable cloth face coverings, three-layered disposable masks or KN95 masks. It also includes wearing the mask correctly: having it secured over the nose and mouth and snugly fitting without gaps. KN95 masks are similar to but should not be confused with N95 masks that are intended for health care workers who are engaged as part of their work in higher-risk settings.

In addition to MDHHS offices, local health departments and Area Agency on Aging offices, the free masks are available from Community Action Agencies, and Programs of All-Inclusive Care for the Elderly (PACE). Some agencies will further distribute the masks to local partners such as homeless shelters.

Residents who need masks can pick one up from partner sites across the state. Find a distribution site at Michigan.gov/MaskUpMichigan or call the COVID-19 hotline at 888-535-6136.

Information around this outbreak is changing rapidly. The latest information is available at Michigan.gov/Coronavirus and CDC.gov/Coronavirus.

Mask Up, Mask Right

<p>✓ Right What to wear</p>  <p>Three-layered washable cloth mask</p>  <p>Three-layered disposable mask</p>  <p>KN95</p>	<p>✓ Right How to wear</p>  <p>Secured over the nose and mouth</p>  <p>Tightly fitting without gaping</p>	<p>✗ Not right</p>  <p>Neck gaiter or loosely tied bandana</p>  <p>Mask with vents</p>  <p>N95 masks intended for healthcare workers</p>  <p>Face shield worn without a mask (except for individuals who cannot medically tolerate a face covering)</p>  <p>Noticeable gaps, holes or vents</p>
